

HAMILTON: THE INDUSTRIAL CENTRE OF CANADA, A GOOD CITY TO LIVE IN

ATLANTIC STORMS DELAYING TRAFFIC

Vessels Route to America Are Compelled to Put Back

Prince of Wied, Albania's Ruler, to Visit King of England.

(By Times Special Cable)
Queensland, Ireland, Feb. 17.—Such severe storms have prevailed in the North Atlantic during the past week that many passenger steamers and cargo boats, unable to battle against the strong winds and high waves encountered on their voyages to the Americas, have turned round and run for shelter to ports on this side of the Atlantic. Three large steamers are returning in a severely battered condition. The French liner "Maga," which left Havre on Feb. 7 for New York, lost her starboard propeller and crippled also her port propeller soon after she got out, and is now crawling slowly back. The big Dutch oil tanker, Rotterdam, which left Amsterdam on her way to New York, lost her rudder, and was

PROVINCIAL FIGHT IN NEAR FUTURE

Signs Point to Its Likelihood.
So Whitney's Leadership May Aid.

(Special to the Times).
Toronto, Feb. 17.—Bumers as to the probability of a general election in Ontario this year, which are making their appearance in the public press, have been received primarily among politicians for some time, and there seems to be quite a widespread feeling that the prediction of an early election is correct. One of the chief points is that a redistribution of seats is introduced into the Legislature this session, and, in Ontario politics at any rate, this usually presages an appeal to the country.

The reasons now being advanced for the likelihood of an election, to the effect that the Conservative party will appeal to the electors once more under the leadership, even inactive, of Sir James Whitney, raises most interesting questions. If this forecast is correct, it means that the split in the Conservative party over the succession to the leadership is likely to be for the present at least, incapable of a peaceful solution, and that a hurried election under the present Prime Minister is a necessity to keep the party together.

McGIBBON CASE Second Trial in the Quebec Killing Opens To-day

(By Times Special Wire).
St. Charles, Que., Feb. 17.—The second trial of sixteen years' standing, culminating in the tragedy of the August last, when young McGibbon was shot to death, will open to-day, when the victim's widow, Leonard McGibbon, will be placed on the stand charged with murder, and the case will go to the jury. All proceedings in the previous trial, including the opening of the criminal case, the defence, the evidence, the closing of the case, the verdict, and the sentence, will be repeated. The trial will be held in the Court of Sessions, and will be presided over by Judge and County Prosecutor Mr. J. A. Elmer. The trial will be held in the Court of Sessions, and will be presided over by Judge and County Prosecutor Mr. J. A. Elmer. The trial will be held in the Court of Sessions, and will be presided over by Judge and County Prosecutor Mr. J. A. Elmer.

BROKE HIS ARM Belgian King Meets With Accident While Riding

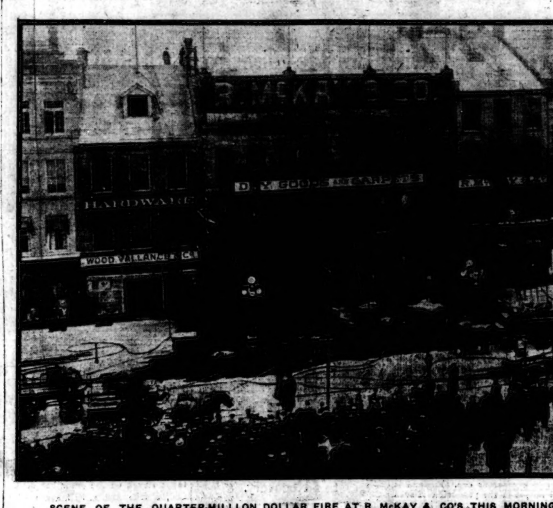

(By Times Special Cable).
Brussels, Belgium, Feb. 16.—King Albert of Belgium today sustained a broken arm while riding in the forest near Boisfort. His horse stumbled, throwing the king over the animal's head. It is announced that, though his injuries are painful, the royal patient is in no danger.

"VICTIM" IS ALIVE The Latest "Ritual Murder" Looks Like a Fake.

(By Times Special Wire).
London, Feb. 17.—A despatch to the Central News from St. Petersburg says the Christian boy Tarantchikov, son of a law court official at Zhitkov, Russia, supposed to have been the victim of a "ritual murder" in December at Fastov, near Kiev, was seen at Zhitkov last night. His father, a well-known local official, had killed him.

OBITUARY Proprietor of New American Died Unexpectedly.

George Roach, the well-known proprietor of the New American Hotel, died suddenly this morning in the City Hospital about 11:30 o'clock. Mr. Roach was taken sick on Saturday and went to the hospital. His death was totally unexpected, as he was in good health up until Saturday. Mr. Roach was very highly thought of in this city, and had a large number of friends. He is survived by a widow and several children. The funeral arrangements have not yet been made.

SCENE OF THE QUARTER-MILLION DOLLAR FIRE AT R. MCKAY & CO'S THIS MORNING.

\$300,000 FIRE THIS MORNING IN R. MCKAY & CO. BLOCK Probably Caused by a Gas Heater—Threatened Great Destruction in Early Stage.

Well Handled and Quickly Subdued Without Reaching the Adjoining Buildings.

One of the most disastrous fires to visit this city in some years broke out shortly before eight o'clock this morning in the big departmental store of R. McKay & Co., occupying the premises at 50 to 62 King street east. The direct cause is not known, but it is thought that a small gas stove which was situated in the work room on the fourth floor was responsible. The alarm was turned in at 8:03 by Charles Wilson, of Wilson Shoe store, a short distance east of the McKay establishment on King street. Mr. Wilson was walking across Gore Park just as the bells were striking eight, when he noticed smoke rising from the edge of the roof. At first sight he thought it to be steam, but upon getting closer he became convinced that it was smoke and rushed for his store to turn in an alarm. Noting two firemen on their way to breakfast, he called them and they rushed into the McKay store while he phoned for the fire department. The firemen were on the scene in a few minutes, and no time was lost in laying lines of hose from every hydrant, the officials realizing that the situation was a serious one. In a few minutes several streams were pouring into the building. Both of the chemical engines were put into operation, and they helped materially in forcing the water.

Flames were shooting in all directions from the roof and it was plain to be seen that the fire was confined for the time being to that section. Several ladders were raised and others were play-

REPRESENT COUNTY Deputation Appointed to Good Roads Convention

Warden Bertram this morning named the delegation to represent the County of Wentworth at the annual convention of the Ontario Good Roads Association. The Warden, Councillors Vane, Collins and Dickenson, with County Clerk Jarrett and Road Superintendent Taylor, will officially represent the county, but it is likely that several other councillors will go along. Councillors Vane and Dickenson were appointed by the Warden, as provided for by the motion at the last council session, and Council for Collins will attend as chairman of the Roads and Bridges Committee.

For Whopping Cough.
Nothing is more distressing to a child than whooping cough. To see the little one racked with this distressing disease is indeed pitiful. Why not stop it at once? Parke's Whopping Cough Cure is a sure relief. Even after the first dose the spasms are less severe and become gradually less and less. Fifty cents per bottle—Parke & Co.

MUSICAL COMEDY New Work to be Given by St. Mary's Choral.

Next Monday and Tuesday evenings St. Mary's Choral Society, under the direction of Jas. F. Morriway, will present an elaborate production of the musical comedy, "The Princess Beatrix." A new work, the libretto of which is by the well-known author, Maude Elphinstone, and the lyrics by W. Rhyll Herbert, the famous Welsh composer.

MISS BESSIE BLEAKLEY
Appointed Agrarian Sec. at St. John Presbyterial Church.

DUNNVILLE RINK BURNED DOWN

Dunnville, Ont., Feb. 17.—Fire destroyed the Alexandria Rink here at an early hour this morning. The hockey game between Hamilton and Dunnville was finished at midnight before a very large crowd. The cause of the fire is unknown. The building was owned by Miss Gillip and insured for \$5,000.

CANCEL HIS CONTRACT WITH HYDRO PEOPLE

Unless He Can Get Satisfaction About Conditions Which Boost Insurance Rates.

City Hall Not Pleased With Decision on Annexation Proposition.

Fricion is promised between the Hydro department at the City Hall, and a number of merchants using the municipal energy, with premises in the block owned by James King, Hughson and King William streets. Some time ago the city underwriters announced that unless the Hydro department reduced the rates of the power companies in the alley in the centre of the block was advanced, the insurance rate would be increased. Notice has been received

SHOULD WORK TOGETHER IN SUCH CONTINGENCY

Waterworks Engineer Has Complaint.
About Notice in Cases of Fire.

Complaint was made this morning to City Engineer Maclean, as regards the waterworks system, by James Bain, in charge of the pump-house at the beach, concerning the failure of the fire department to live up to a verbal agreement it had with the beach engineers. The latter are notified whenever there is a fire, but have to depend on a call from Chief Taylor for information as to the size of the fire. It is claimed that the warning the chief gives the engineers allows them to prepare to turn on the steam pumps, as was the case in the Duncan fire a year or so ago. It is claimed that the latter are notified whenever there is a fire, but have to depend on a call from Chief Taylor for information as to the size of the fire.

BINKLEY FUNERAL County Council Will be Represented at It.

Warden Bertram and J. W. Jardine, county clerk, will attend the funeral of the late A. J. Binkley to-morrow afternoon. They will be the representatives of the County of Wentworth. Mr. Binkley was a member of the County Council, and a member of the late Mr. Taylor, county road superintendent, will also act as a pallbearer. He sat in the County Council for several years, and numbered among his closest friends, J. L. Taylor, county road superintendent, will also act as a pallbearer.

NONSENSE, THEY SAY Mayor and Solicitor on the T. H. & B. Question.

Mayor Allan, City Solicitor Waddell and all the city officials associated with the agitation to move the T. H. & B. to the new site, are now engaged in a heated argument, which they claim was put forth through a local paper by the solicitors of the T. H. & B. This was, in short, that the Dominion Railway Commission was not taking the right course in applying to the Supreme Court of Canada for a definition of its powers. Mayor Allan and the City Solicitor emphasized that this was nonsense. "Whether the board has jurisdiction or not is a question of law, and the Act specifically calls for the Solicitor General's opinion on that point," said Mr. Waddell, adding that the affair would go on the same, whether the railway was interested or not.

BRENNER'S WILL Congressman Cancer Victim Remembered His Mother.

(By Times Special Wire).
Pasadena, N. J., Feb. 17.—The will of Representative Robert G. Brenner, who died on February 5 in a sanitarium in Baltimore, where he had undergone the radium treatment for cancer, was made public today. The estate is valued at about \$100,000. After making a cash bequest of \$10,000 to his mother, Mrs. Alexander Brenner, of Canby, Ont., Mr. Brenner directed that the residue of his estate be given to his wife, Mrs. Edith L. Brenner, and his brother, Leith S. Brenner, of Richmond, Va. To his brother, Mr. Brenner left his newspaper, the "Pasadena Herald."

French Vegetables.
We carry an immense stock of French vegetables in all sizes. Peas, beans, haricots, green, fava, French, artichokes, mushrooms, asparagus, etc. All fresh and of the best quality. The most up-to-date stock of glass and staple groceries to be found anywhere, at regular prices.—G. G. Bain & Co.

Hamilton 7, Dunnville 4—Local Team at Sarnia To-morrow—Climbers Beaten at Toronto

Local Team Won From Dunnville on Their Own Ice

Hamilton Team Played Good Hockey and Won From Home Team by Score of 7 to 4.

For the second time inside of a week Hamilton Hockey Club Intermediate team and defeated the Dunnville team and by doing have earned the right to go further on into the O.H.A. finals and if they continue to play the same brand of hockey that they have been playing during the past week they will go even further, as Sarnia or any other team will never be able to stop the onslaught of the local crew. In last night's game they even showed better form than they did Friday night and although they did not get going until the second half they ran up six goals in such fast time that they had the Dunnville team on the defensive at all stages in the second period and the home team was overpowered by the Hamilton bunch from then on. Never before did the Hamilton forward line and defense show up so well as they did in the second half of last night's contest and although the Dunnville team played a very dirty game they were well received in this line of play and before long they had stopped and began to play real hockey, but it was too late then as the Hamilton team had run up several goals. Right from the word go the Dunnville team started out with a good game in "getting the man, and never mind the puck." This season Dunnville more have than good and if they had paid more attention to the rubber they might have been successful in holding the Hamilton bunch down to fewer goals, but they would never have scored any more goals. In the first half, Audley Morden, in the nets, was there for three days and nights and after them proved to the gathering last evening that he is as fast as any goal keeper in the city. Audley Morden, in the nets, was there for three days and nights and after them proved to the gathering last evening that he is as fast as any goal keeper in the city.

O. H. A. SERIES FOR THIS WEEK

Toronto, Feb. 17.—At a meeting of the O.H.A. sub-committee yesterday the following draw was arranged for the semi-final and final rounds in the Intermediate and Junior series:—
Intermediate Series.
Thursday, Feb. 19—Orillia at Wrentham.
Tuesday, Feb. 23—Wrentham at Orillia.
Wednesday, Feb. 18—Hamilton at Sarnia.
Friday, Feb. 20—Sarnia at Hamilton.

Brinley, a bye.
Winner of "A" qualifies for final; winner of Hamilton vs. Sarnia to play Brinley in semi-final. Junior Series—Semi-finals.
Wednesday, Feb. 18—University of Toronto at Brinley.
Saturday afternoon, Feb. 21—Brinley at University of Toronto.
Monday, Feb. 23—Orillia at Wrentham.
The senior finals will likely be played on Feb. 27 and Thursday, March 5.

rink, but Audley Morden in goal stopped shot after shot, and held the Dunnville team down to four goals. In the second half the Hamilton team started out in real form, and after two minutes they had scored the first goal for the first Hamilton team. This gave the Hamilton bunch new life, and they rubbed the puck up the ice, but before stopped short after shot. Knight got away for a nice shot, but it was blocked by the defense. The puck was going at the way, and before long the Hamilton team was getting in front of it and it shot past his shoulder. The puck was going at such a rate that it was not until it was in the net. The Hamilton team was standing behind the goal, and the Dunnville team was trying to get the puck out of the net. The Hamilton team was standing behind the goal, and the Dunnville team was trying to get the puck out of the net. The Hamilton team was standing behind the goal, and the Dunnville team was trying to get the puck out of the net.

THE GAME.
The battle last evening was the most intense ever witnessed in Dunnville in some time past, and the crowd that attended the game was also the largest. The Dunnville team played a very dirty game, but the Hamilton team played a very clean game. The Hamilton team played a very clean game, but the Dunnville team played a very dirty game. The Hamilton team played a very clean game, but the Dunnville team played a very dirty game. The Hamilton team played a very clean game, but the Dunnville team played a very dirty game.

INTERMEDIATE HAMILTON HOCKEY CLUB TEAM

St. Mike's Beat Fast Cleveland Team

Final Score Was 7 to 1—Wardlaw Beat Riverside.

Toronto, Feb. 17.—Cleveland team which has been beating all the other teams in the city, was beaten by St. Mike's team last night. The Cleveland team was beaten by St. Mike's team last night. The Cleveland team was beaten by St. Mike's team last night. The Cleveland team was beaten by St. Mike's team last night. The Cleveland team was beaten by St. Mike's team last night.

H. H. Club Play Sarnia on Wednesday

Return Game Will be Played Here on Friday Night Next—Men in Good Condition.

Frank Robbins, of the Hamilton Hockey Club, received word from Secretary Howitt, of the O. H. A., last evening to the effect that the Hamilton team would play in Sarnia on Wednesday night, and that the Sarnia team would play off on Friday night. The winner of the home and home games will meet the Berlin team in the semi-final on Monday night of next week. The Hamilton team are all in the best of condition and will practice tonight at the Alerte's Arena before the regular skating session.

The officials of the Hockey Club are trying to make arrangements for a special train to be run to Sarnia to-morrow afternoon, but if they are not successful in doing this, the team will have to leave on the 8:30 train in the morning.

When the team arrived home from Sarnia last evening, Scripps was immediately taken to the club doctor, who worked on his injured arm for several hours. The team was in good condition, but the injury to Scripps was a serious one. The team was in good condition, but the injury to Scripps was a serious one. The team was in good condition, but the injury to Scripps was a serious one.

Climber Team Lost to St. Andrew's

Local Boys Showed Poor Class in Last Night's Game.

The fast Climber team of this city journeyed to Toronto last evening to play the St. Andrew's team. The Climber team played a very poor game, and the St. Andrew's team played a very good game. The Climber team played a very poor game, and the St. Andrew's team played a very good game. The Climber team played a very poor game, and the St. Andrew's team played a very good game.

Wesley Methodist Church Intermediate representative basketball team in the Church League added another game to its string of victories last evening when the Erskine Presbyterian Church team were taken into camp by a score of 28 to 17. The winners had the better of the game throughout, and led at all times. The game was clean, despite the fact that the Wesley team played a very poor game.

With the Trundlers

Conway, Stoker and Branton Meet in a Ten-Game Marathon on Friday—Bowling Scores.

In the league games at the Brunswick Academy last night Tackett's Smokes took two games from Kaufman's 909's, while the Home Outfitting Company were performing a similar operation on the Waldorf Hotel. The Brunswick Academy team played a very good game, and the Home Outfitting Company team played a very poor game.

French Aviators Will Not Fight

Seconds Decided Against a Duel at Meeting Yesterday.

Paris, Feb. 17.—The four seconds in the proposed duel between Les Vedrines, the aviator, and M. Quinton, the President of the Aerial League, met yesterday to consider the question.

It will be recalled that Les Vedrines was at Cairo after completing his flight from Paris. M. Quinton, another aviator, had flown as a passenger with Les Vedrines, but had started on the same trip, but broke down, and was forced to return to Paris.

After to-day's conference M. Quinton's seconds informed the representatives of the Aerial League that he did not consider that a duel was justified, on the grounds (first) that Les Vedrines did not fight from "honor," but from "greed," and (second) that M. Quinton's telegram to Les Vedrines did not constitute an offense.

It is as much trouble to raise a puppy as a boy, according to a critic of Les Vedrines. Perhaps, but the puppy was a very good one, and the boy was a very bad one. Les Vedrines was a very good aviator, and M. Quinton was a very bad one.

Les Vedrines was a very good aviator, and M. Quinton was a very bad one. Les Vedrines was a very good aviator, and M. Quinton was a very bad one. Les Vedrines was a very good aviator, and M. Quinton was a very bad one.

That night Cough!

What Father of "Lured"
Young Man Says

IT'S CRIMINAL

Name and Address of the
Letter Writer Sent.

Some time ago a letter appeared in the Times stating that a young Englishman and his wife had been "lured" to come to Canada by the Dominion Immigration Agents in England, that after working a short time in Toronto he lost his situation, could not find another, and that some Hamilton friends had to send them home to save them from starving. On hearing of these statements and charges Mr. W. D. Scott, Dominion Superintendent of Immigration, wrote the Times for particulars and promising that if the case was as stated he would consider the question of compensating the young couple for the loss and trouble he had put to in coming here. The Times has forwarded the letter to Mr. Scott, and he will be able to get all the particulars from the gentleman.

Today the same gentleman favored the Times with a copy of an elaborate letter from the father in England of the young man, who is alleged to have been "lured" to Canada.

The Ontario Immigration Service extract says: "I think the Canadian Government much to blame for trying to get people out with so little prospect of getting a living. Any one who sees the attraction of the country here, and gets out here they could not do wrong, but should not be sent back to their native land. It is simply criminal for this kind of thing to go on under Canadian Government sanction, deluding oftentimes folk that would ultimately be better off at home. There seems to be an impression that if the Government is taking for farmers only, it should send its agents into the rural districts, where the farmers are, and not go into the large manufacturing cities and picture brilliant prospects for those who migrate to Canada.

Some clippings have also been handed the Times, which in turn reproduces: "ONE OF THE RESULTS. (Jack Canuck.) At Newton Abbot, Devon, on Wednesday last, two cases were mentioned in which relief was recommended to be granted to women who had been found in one case a Newton Abbot woman had received only 20s. from her husband and was left with a child. In the other case was that of an Ashburton woman, whose husband had left her with a child and no money. The latter woman was sent further amounts for the maintenance of her family.

Mr. Scott said he thought the board should respect, inasmuch as the Canadian authorities insist on getting rid of the women who come to this country to settle in Canada. They did not find them in the same position as the women who were sent to support their destitute relatives at home.

W. H. Mortimer remarked that there were many such cases, men being sent to the colonies and women being left behind. He said that he had not found them in the same position as the women who were sent to support their destitute relatives at home.

W. H. Heath said many of them did not want work when they got there. Manlove observed that, as to men finding work, it depended upon the time of the year when they arrived in the country.

The chairman said it would not be a bad plan to have a committee of men and women to look into the matter under the advertisement of the Canadian authorities, stating the facts. The chairman said he was sure they would know what they are.

The Chairman-W. H. can state what we have said. What are the facts? The relief recommended was granted.

To the Editor of The Over-Sea Daily Mail: Dear Sir—I feel it my bounden duty to write and warn people of either sex who are contemplating coming to Canada that there are many who come to come; there are already too many on the ground now. Money stringency is the cause of this, and in business circles throughout the world.

I have no "kick," as they say out here, against Canada or the Canadian people, but the country is comparatively new and therefore not ready to cope with the sudden rush of thousands of immigrants. The conditions are such that there are already too many on the ground now. Money stringency is the cause of this, and in business circles throughout the world.

Mr. Scott said he thought the board should respect, inasmuch as the Canadian authorities insist on getting rid of the women who come to this country to settle in Canada. They did not find them in the same position as the women who were sent to support their destitute relatives at home.

W. H. Mortimer remarked that there were many such cases, men being sent to the colonies and women being left behind. He said that he had not found them in the same position as the women who were sent to support their destitute relatives at home.

W. H. Heath said many of them did not want work when they got there. Manlove observed that, as to men finding work, it depended upon the time of the year when they arrived in the country.

The chairman said it would not be a bad plan to have a committee of men and women to look into the matter under the advertisement of the Canadian authorities, stating the facts. The chairman said he was sure they would know what they are.

You know it! It begins with a tickling, irritating sensation in your throat. You cough to clear the throat. In a moment, there it is again! A minute's peace, then again you cough, and so on until you cough your throat sore, and by the time the cough is sufficiently allayed to permit you to rest, you are thoroughly worn out. This kind of experience is particularly trying to old people.

Pope makes a quite unnecessary for you to have this kind of thing happening. These night coughs are due to the fact that the throat is not properly protected. The throat is the gateway to the lungs, and if it is not properly protected, the lungs will be attacked. The throat is the gateway to the lungs, and if it is not properly protected, the lungs will be attacked.

Just as the out-door treatment for colds and influenza is the only one that is really effective, so the only way to protect the throat is by using a throat lozenge. The throat lozenge is the only way to protect the throat is by using a throat lozenge.

FREE CO'S CLOSE SHAVE Ran on Rocky Shoal Off Massachusetts Coast.

470 LIVES IN PERIL

But Wireless Message Says She is Freed

Boston, Mass., Feb. 16.—While seeking to find her way past the Island of Martha's Vineyard and into Narragansett Bay, the French steamer Roma, with 470 passengers and a crew of probably forty men on board, plunged upon a rocky shoal on the south side of No Man's Land, about six o'clock to-night, and the lives of all were in grave danger.

A faint wireless message telling of the plight of the steamer and asking for immediate assistance was picked up somewhere along the coast, and it is to be hoped the rescue cutter Aqueduct, Hanes and Graham. All three are speeding toward the stricken craft.

SHIPS TO THE RESCUE. The Aqueduct, which started from New Bedford about nine o'clock to-night, was the nearest of the relief ships. The Hanes and the Graham were also en route.

No aid could be rendered the vessel by the lifelines at Gay Head, Captain A. S. Caboon, of the station at that point, said tonight. The relief steamer was racing, with the wind blowing fifty or sixty miles an hour from the north, and the sea was so rough that it was impossible to see ten feet on the bluff and that the men who were on the ship had reported in a state of panic and that they had neither seen nor heard anything of the Roma.

The Roma evidently got off her course while making its way toward the shore, when a heavy snowstorm prevailed. Residents of Chatham on the south side of Cape Cod, heard the hoarse notes of a steamer whistle fairly close in-shore about 2:30 this afternoon.

It is supposed that her captain discovered that she was getting into shallow water, for the steamer seemed to be struggling to come over the westward, and as the vessel was endeavoring to turn away east of the shoal the Roma probably was not long in pitching up on the rocks.

Remington Typewriters

are Built Up to a Standard Not Down to a Price

THE fame of the Remington as the "Recognized Leader" among typewriters is an asset. It is an asset that has built up the Remington product from any other. We are glad of it. This demand for Remington leadership. The public merely by the fact that it has been educated to demand—educated by Remington standards.

Unwavering adherence to a standard is always the price of leadership. The Remington Typewriter maintains its leadership in the same way that it won its leadership; by recognizing only one standard—THE BEST.

The latest achievements of Remington leadership are the visible models 10 and 11 and the Adding and Subtracting Typewriter. Have you seen them? If not, call on or send for illustrated booklet which will tell you the very latest in typewriter development.

COL. SAM HUGHES' SPECIAL TRAIN

Across Continent Cost Ten
Thousand Dollars.

WHAT AUTOS COST

Two and Half Million on
Militia Building.

Ottawa, Feb. 16.—In the Commons this afternoon, Col. the Hon. Sam Hughes gave some interesting information in reply to a series of questions by Mr. Edmund Proulx (Prescott) in regard to expenditures by the department of Militia for the officers' trip to Europe last summer, the special train used in connection with Sir Ian Hamilton's inspection tour, the cost of Militia Department automobiles for the year, and in regard to the Militia's private secretaries.

Col. Hughes said that the party while in Europe last summer had, on the average, seven automobiles per day rented at various rates. The automobiles were sent from England to Boulogne, and travelled all over northern and northeastern France, where manoeuvres were being carried on, and in Switzerland, and they were also used in connection with the manoeuvres in England. They were rented from the third of September to the seventeenth of October, and the total bill for automobiles was \$2,594.

In regard to the special train through which the inspection trip through the Continent was made, Col. Hughes said Sir Ian Hamilton last summer, Col. Hughes said the cost of the train was \$20,740, and the total cost of the trip was \$20,740.

The horse which was provided for the use of General Sir Ian Hamilton in Canada was sent to England as a gift to Sir Ian Hamilton by the Government of his reports. The horse cost \$175, and was also used in other costs on behalf of self and others.

During the year no additional automobiles were purchased by the Militia Department, but the cost of up-keep and repairs of those in use in 1912 was \$8,664. Col. Hughes told Mr. Proulx that no orders of the kind had been passed whereby the officers of the Canadian militia are reimbursed from the Militia Department for the cost of their automobiles, and that militia officers went on staff tours in motor cars under instructions from headquarters.

Mr. Proulx asked Col. Hughes who were the persons who accompanied him on his visit to Europe last summer, Belgian and Dutch manoeuvres. The answer given was: Miss E. McAdam, appointed January 1912, at salary \$300 per annum, and \$300 additional as Minister's private secretary; Mrs. McAdam, acting assistant private secretary, appointed January 1912, at salary \$192, at salary of \$192 per annum; and Orderly Wagoner, of the Canadian Permanent Army Service Corps.

To Mr. R. Law, of Yarmouth, the Government was aware of the Hon. Commons to-day that the total proposed expenditure in the estimates for the coming fiscal year for the Militia, salaries, amortize, etc., was \$2,530,000.

TARIFF REFORM

Beaten in British House by
74 Majority.

To Have Imperial
Preference Must Tax Food.

London, Feb. 17.—The tariff reform amendment to the address was defeated in the House of Commons yesterday by a majority of seventy-four. Captain Tryon advocated imperial preference so far as practicable without imposing fresh duties on imported foodstuffs, and by admitting free importation of raw materials and foreign imports. He would impose an ad valorem duty up to ten per cent. on foreign manufactures.

On behalf of the Government, the Solicitor-General, Sir Stanley Buxton, said the policy of imperial preference was one that could not be carried out without imposing fresh duties on imported foodstuffs, and by admitting free importation of raw materials and foreign imports. He would impose an ad valorem duty up to ten per cent. on foreign manufactures.

BETHESDA

Quite a number from this neighborhood attended a meeting of the Bethesda choir on Tuesday evening. There were good singing and speeches. Great credit was due to the choir.

Mr. Maggie Ross visited at her uncle's, Mr. J. Ross, last Sunday.

Mr. J. Ross, of Bethesda, and Mr. and Mrs. George Bristol attended the choir of the Methodist church, Jerseyville, in Jerseyville.

Mr. Sam Smith had the misfortune to lose a very valuable pig. It was run over by a car.

Mr. Charles Norworthy lost a good horse and also a dog. Mr. Norworthy's son, Mr. Roy S. Bristol visited at his father's last Sunday.

IMMIGRATION LAW

U. S. President to Block
Immigration Law

If It Contains Proposed
Literacy Test.

Washington, Feb. 16.—President Wilson will veto the Burnett immigration bill if it contains the proposed literacy test, the so-called literacy test contained in it.

This became known from an authoritative quarter to-night after Chairman Smith, of the Senate Immigration Committee, had announced that the bill, virtually as it passed the House, including the literacy test, would be favorably reported to the Senate soon. Progress is reported from the committee, but the measure never will pass the Senate, according to close friends of the President. The President does not consider literacy a test of character, and he does not believe that it should be used to prevent undesirable aliens from entering the United States.

It became known, however, that suggestions were being made that the Japanese immigration, made to the House Committee on Immigration last Friday by Commissioner General C. M. Smith, of the Immigration Bureau, are not in accord with the views of the President. Mr. C. M. Smith's views were expressed without previous knowledge by the White House, and the President is said to be in a state of indignation.
